

RNC Minerals Provides Financing Update

TORONTO, Jan. 12, 2018 /CNW/ - RNC Minerals (TSX: RNX) today announced that it has completed the equity issuances described in its news release dated December 14, 2017, by issuing 29,750,312 common shares to Auramet International LLC at a price of \$0.16 per share and 7,704,167 common shares to other stakeholders at a price of \$0.16 per share. RNC has also signed subscription agreements for an additional ten million shares to be issued for cash at \$0.16 per share on or before January 17, 2018 as part of the previously announced restructuring. These financing transactions will support the completion of the ramp-up and development of the Beta Hunt Mine, including the planned doubling of nickel production in 2018. See RNC News Release dated December 14, 2017 for additional information.

About RNC Minerals

RNC is a multi-asset mineral resource company with a portfolio of gold and base metal production and exploration properties. RNC's principal assets are the producing Beta Hunt gold and nickel mine in Western Australia, a 50% interest in a nickel joint venture with Waterton that holds the Dumont Nickel Project in the Abitibi region of Quebec, and a 30% stake in the producing Reed Mine in the Flin Flon-Snow Lake region of Manitoba, Canada. Through its stake in Orford Mining Corporation (TSX-V: ORM), RNC also has interests in the West Raglan and Qiqavik projects in Northern Quebec and properties in the U.S. Carolina Gold Belt. RNC has a strong management team and Board with over 100 years of mining experience at Inco and Falconbridge. RNC's common shares trade on the TSX under the symbol RNX. RNC shares also trade on the OTCQX market under the symbol RNKLF.

Cautionary Statement Concerning Forward-Looking Statements

This news release contains "forward-looking information," including without limitation statements relating to the completion of the financing, the liquidity and capital resources of RNC, production guidance and the potential of the Beta Hunt and Reed mines as well as the potential of the Dumont development project and Qiqavik, West Raglan, Jones-Keystone Loflin and Landrum-Faulkner exploration properties.

Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of RNC to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Factors that could affect the outcome include, among others: failure of the parties to sign definitive agreements and satisfy conditions of closing; future prices and the supply of metals; the results of drilling; inability to raise the money necessary to incur the expenditures required to retain and advance the properties; environmental liabilities (known and unknown); general business, economic, competitive, political and social uncertainties; accidents, labour disputes and other risks of the mining industry; political instability, terrorism, insurrection or war; or delays in obtaining governmental approvals, projected cash costs, failure to obtain regulatory or shareholder approvals. For a more detailed discussion of such risks and other factors

that could cause actual results to differ materially from those expressed or implied by such forward-looking statements, refer to RNC's filings with Canadian securities regulators available on SEDAR at www.sedar.com.

Although RNC has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained herein are made as of the date of this news release and RNC disclaims any obligation to update any forward-looking statements, whether as a result of new information, future events or results or otherwise, except as required by applicable securities laws.
